

War and Disaster Medicine Conference 2017

The War and Disaster Medicine Center of the ENDC will organize the conference for the doctors of war and disaster medicine, doctors of the Estonian Defence Forces and the Estonian Defence League, as well as for doctors, nurses and paramedics in Viru Conference Centre in Tallinn from 23 November to 24 November 2017.

This year the conference will be held for the 11th time and in addition to conference presentations on war and disaster medicine issues, there will also be workshops on simulation and trauma patient handling. This year's conference will focus on the organization of work during crisis situations, in particular on training issues to cope with crisis situations.

There will be presentations by specialists from Ukraine, Germany, United Kingdom, United States, and Estonia. The working languages of the conference will be Estonian and English, simultaneous interpreting will be provided. There will also be an exhibition organized during the conference to display the equipment and supplies used in emergency medicine, war and disaster medicine and in relevant training, and also professional literature.

This year's conference presenters include various experts who will share their own experiences with organizing studies and training, international cooperation and the disasters that have recently touched Europe.

Conference fees: 40 EUR/1 day, 60 EUR/2 days; for students 20 EUR/1 day, 40 EUR/2 days.

Deadline for registration: 19 November 2017.
